Rarely has this ever happened in SHSID – students from 9 nations in a class of 25. Our class, 11(5),

may not be the largest or the most outstanding class, but it certainly is distinguished. It is located at the far left corner of the first floor of Xian Mian Building. We enjoy the privilege of the shortest route to the men's

Students in this class are equipped with both talent and passion. They are able to illustrate these traits both academically, as well as on the field. We demonstrate our strength on a wide variety of school teams, ranging from basketball to tennis, baseball to

badminton. Well, don't believe us? Come watch us in our games to bell old our prowess and vigor.

Our class lives up to its name as the first in everything. We have the best in sports competition, class activities, classroom duty, chorus singing competition, and most important we are the most united class. Together, we want to battle any challenge that comes our way. Aith with different culture backgrounds, we learned stand together as a united class. 9th grade provided us an interesting school year. By the effort of every student in the class, we won a 2 - star class during the first semester, an achievement that only two classes in the Junia Section managed to accomplish. We are proud to a member of 9 (1), I want to represent my class especially to give our gratitude to Miss. Yac, ou class teacher for supporting us through the whole course of middle school. We see her as not only a teacher but also a friend that

9 (2) 班,是一个很活泼的班级。虽然很活泼,但是就是有个毛病:那就是一一懒!不过,只要年级有什么活动,我们班一定都有参加。从上学期的落蛋比赛,运动会,班级合唱比赛,到今年的牢固建筑比赛,班级自主活动,还有还有,我们班自己组织的学生画展也蛮成功的说`!哈哈哈,参加了这么多活动,那几项奖状也是难免的!落蛋比赛拿了第一名,运动会也取得较好成绩,班级合唱比赛竟然拿了第一名!(太夸张了,我们班的"魔音"真是厉害!)牢固凌我们也有几位同学建造出很棒的桥部。阿阿丁总而言之,我们班是一个将这种种部。有相对200岁用,对周元的原带

Our class, 9 (3), are a talented, hardworking, artistic and most importantly, fun-loving bunch. And our class teacher, Ms. Liu is humorous, energetic and easy-going. We may not always be best of the best, but we are never far behind—second in the Arts Festival, second Sports meeting, and we have a second-prize winner in the Bridge Building competition! Not a bad record! The bright spot of the year though, was that after our class' united effort and hard work for one and a half semester, we finally earned the honor of a One-Star class award. One star may not be much, by we are still over joyed, especially our class teacher Ms. Lii She was totally estastic and promised us an ice cream party during P&B class! 9thgrade is a special and vital year for us. We all cherish this

9(4) 班,一个看上去很普通的班级,但却因有一个富有责任感的老师在领导着平凡的我们, 鼓励我们参加任何一个活动,在比赛中为我们加强,打气, 我们才会有那么出色的表现,才会有今天的这个二星班。 当然,这其中也配合了同学们的努力。还有,我们班是一个非常去绝的班级,不管是在哪一方面, 运动会或是艾芝表演、科技比赛,我们都很积极,而且表现得不凡,同学们都愿意为班级争先。能够成为 9(4) 班的一份子,那是我们的骄傲。

This is a great class. Everyone in this class has his or her talent or advantages. For example: Jaccey Zheng does very good posters. Ichihan Tai s Shaolin Gongfu is admired by all his friends. Sam Li likes creative things. He is always active in doing handiwork. His "Dragon Fish" is highly praised by teachers and students. Kippei also likes doing creative things and he usually does everything attentively. Andy Li is very good at playing basketball and scissors jumping. Jacky is a boarding student and has a strong ability to arrange his own things and also loves IT. Kevin is a little bit shy but he does his studies very well. Che Xu has a very kind heart. Her sweet smile gives us a deep impression. She also does her studies very well. It shord to name all of them because of the limited space. Wish all of them a very bright future.

这是一个刚刚在本学期组建的新程化——9(8)。 在程程的时间中,我们相互认识、成为朋友。 一起参与到学校的各项活动位,体现了程很难将的活跃,和职权向上的精神。学校的一些俱乐部中都可以看到我们的确身到。9(8)时营着着现在运动的学生,有的活泼爱说话,有的活泼爱说话,有的活泼爱说话,有的活泼爱说话,在有的活力全在以后的校园生活中成为一大亮点。 9(5) is a very vivid class, 9.5 is a class full of visor.

arts, and sports. Our class have a way, seen general
and enthusiastic over all kinds of activities of the sond
Although we clich it often win the prize, luckly we
have a homeroom teacher—Ms. Wang,
she always creates the class to work in team togethe
She encourage us to do our best. Through
our last jurior year, we have learned more independent
mature, and most importantly, we have know now
to cherish this precious time.

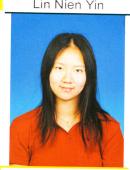

WE RULE THE SKOOLIIIII We were the newbies, yet, we still managed to topple everyone else. We come from all over the world, yet we are united as one.

We dominate through our wesome tolents, whether in the classroom or on the field, we are always surface to the top. Without the help of our cool, humorous and very responsible homeroom teacher. Ms. Angela Shen, we wouldn't have been able to come this far, we owe you a billion thanks ?THANK YOU! With this seed of hope planted within us, it will sprout into a beautiful and blooming flower, our future. With the hopes of all graduating this school successfully, we would like to depart junior high with nacedible and remarkable memories. These would be from all the activities we participated in, not to mention all the awards, prizes and top places we won. We came, we learnt, we conquered.

## OPENING CEREMONY

Shanghai High School International Division annual opening ceremony was held on September 1st in the school auditorium.

Many topics were discussed. Such as the growing student body, the achievements of students during the previous school year. Selected students gave speeches on how the school affected their lives while the audience -for the most part- listened attentively.

The ceremony lasted for a little over an hour with still many things left to discuss. On separate days, individual assemblies were held to finish everything off and to officially start the new school year.

### AWARD EXCELLENCE

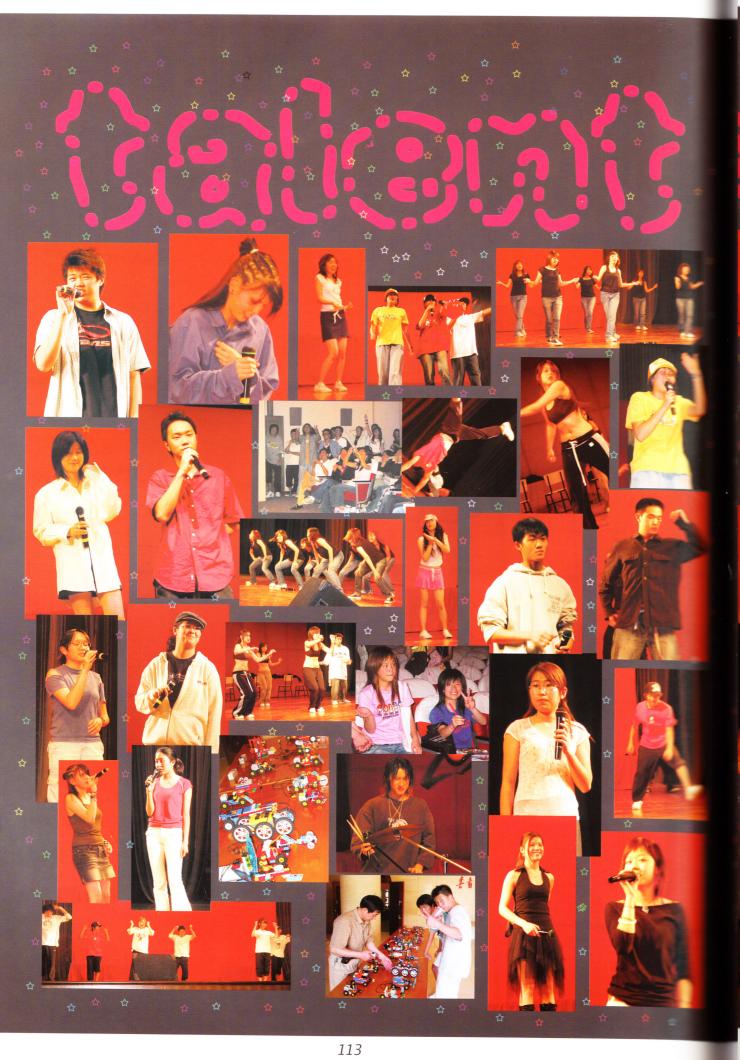

One of the most exciting elements is sportsmanship. After the school sports meet all the winners were expecting medals:

gold, silver... so, you can see the happiness from the faces of the students with sports excellence and it was always a big event for them to be awarded: where there is a will, there is a way.

## BASKET BALL TOURNAMENT SHSID SAS SHSID

### SHS VS SAS

Nothing could explain the intensity of this years basketball tournament. Going against SHS was the all mighty SAS. The boys basketball team (SHS) had nearly won, but lost to a point, still the crowd cheered on as best they could to encourage the players. Well known for his skills is allen himself who scored some great points. Altogether both the boys and the girls basketball team

played a great match!

The senior high school charity fair was held on November 29. Music blared as students and teachers around the assortment of stalls. The stalls mostly sold all sorts food and drinks. However, there were a stall sprinkled around. There was one that sold manga and even one, which provided fortune telling. The charity fair, however, was the pie auction that was able to raise over a thousand Yuan. It was tons of fun -if a little and gross. Overall, the fair was a success and everyone had a good time.

e Primary School charity fair was held on vember 11, 2004.

Idents, with parents in tow, lugged bags on bags of items to sell to the school cafiria. There were things ranging from hks to food to toys to cards. ents helped their kids sell the items d/or serve the food.

vas a fun time for everyone- teachers, ents, kids buying, and kids selling.
entire charity fair managed to accumue over 8000 RMB. The school has hopes to the next years will be just as successif not more.

# Primary Trip

After the midterm, grades 4,5, and 6 left to a wonderful island known as Chongming. The primary students obviously had a great time. They had taken the ferry and bus to get totheir destined location. The fun filled trip included bbq's, and especially the "dinosaur park" containing adventurous
